1. Quality of Sound (Audio Performance)

- Patented Clarity Power™ sound technology produced maximum clarity of sound
- Amplifying incoming sound up to 40 decibels is 20 times louder than a standard home phone
- Offering four (4) tone settings to customize your listening experience
- Hear-It-Ring with ten (10) loud and clear melodies plus six (6) levels of volume.

2. Quality of Design (Low Vision & Ease of Use)

- The biggest buttons of any cordless phone available
- Easy to see high contrast numbers
- Backlit keypad that is easy to see at night
- Large font and high contrast caller ID screen
- Both the large keypad and CID display light up as a super bright visual ringer
